‘Nationale-Nederlanden Extra’ additional insurance package (model number: 6700104)

version 1

The reimbursements provided by the ‘Nationale-Nederlanden Extra’ additional insurance package are summarised in the Reimbursements Overview below.

This is an additional mixed insurance package. Please refer to clause C.2.2 of the Terms and Conditions of Health Insurance and Additional Insurance Packages.

In-kind healthcare is subject to different reimbursements for healthcare provided by a healthcare provider who has a contract with us and for healthcare provided by a non-contracted healthcare provider. This overview lists the reimbursement percentages for the healthcare in question. All other healthcare is provided on a refund basis.

This Reimbursements Overview contains several columns:

- the centre column, ‘Amount reimbursed’, contains amounts, quantities, hours and/or reimbursement periods. These are always the maximum amounts, quantities, hours and/or reimbursement periods. The reimbursement percentages are calculated in accordance with the statutory rates, agreed rates or the market rates applicable in the Netherlands. For more information, please refer to clause A.20.
- there is a number in the last column, ‘Terms and conditions’. This number refers to a clause in the Terms and Conditions of Health Insurance. This clause specifies the terms and conditions which you need to meet in order to receive the reimbursement in question.
